

Security Declaration

- goods, that are produced, stored or carried by order of Authorized Economic Operators (AEO), which are delivered to AEO or which are taken for delivery from AEO
 - are produced, stored, prepared and loaded in secure business premises and secure loading and shipping areas
 - are protected against unauthorized interference during production, storage, preparation, loading and transport
- reliable staff is employed for the production, storage, preparation, loading and transport of these goods
- business partners who are acting on your behalf are informed that they also need to ensure the supply chain security as mentioned above
- all supplied trade information will be treated confidentially
- suppliers have all the necessary permits and comply with all laws applicable to the performance of the contract and accept total responsibility, costs and other consequences in case of a breach
- if the business partner is a transport company, this company declares to always perform the 7-point check when it comes to transport of containers and closed trucks/trailers: (1) front wall; (2) left side; (3) right side; (4) floor; (5) ceiling / roof; (6) interior and exterior doors; (7) outside and bottom; together with the seal check, container number and container type
- such company guarantees never to allow subcontractors via freight exchanges or transport exchange market places or internet
- any waiting hours will be communicated within 24 hours, will be clearly mentioned on the CMR document and will be duly signed as correct/stamped by the customer
- the required consignment notes will be drawn up and the legal requirements with regard to quantities and dimensions, safety of cargo, driving times and rest periods as well as speed limits will be met
- every incident or anomaly will be reported immediately
- as a transporter of dangerous goods (if applicable), a strict compliance with the relevant regulations/documents will be ensured
- all transports carried out are subject to the provisions of the international conventions and mandatory legislation that apply to the transport in question.

Failure to comply with these strict safety regulations may result in termination of the cooperation.
